

The NEW PORTÉGÉ X30

THE HORSEPOWER OF FULL INTEL CORE PROCESSORS, IN AN ULTRA-SLEEK BUSINESS LAPTOP.

Measuring 15.9 mm thin and weighing a mere 1.05kg, the new Portégé X30 delivers the style, speed, battery life and durability you need to make a great first impression. The Portégé X30 combines a modern design with impeccable crafted Onyx Blue magnesium alloy chassis with leading-edge technologies to create a no compromise ultramobile computing solution with manageability, security and connectivity capabilities.

Touchpad with built-in fingerprint sensor

MIL-STD-810G strong

Expanded capability with new Type-C™ Gen 2 port with Thunderbolt™ 3

IR camera for face authentication

FEATURES

Thinner & Lighter Design Without Compromise

Toshiba's new premium laptop features a sleek, highly-mobile compact design, within a durable magnesium chassis to safeguard against the rigors of daily use. At 15.9mm thin and weighing a mere 1.05kg, the 13.3-inch Portégé X30 is now even thinner and lighter. Coupled with up to 8th generation Intel® Core™ processor with vPro™ technology, plus advancements like Intel® Turbo Boost technology, Rapid Start technology, Smart Connect Technology and Intel® Display Power-Saving Technology, the Portégé X30 delivers just the performance and security you need.

Unplugged Productivity

Designed for mobility, the Portégé X30 provides an excellent battery life of up to 14.25 hours* so you can tackle business tasks without interruption wherever business may happen.

[^] Weight will vary by configuration

* Measured by MobileMark® 2014 for models preinstalled with Microsoft® Windows 10. Actual battery life may vary considerably from specifications.

The NEW **PORTÉGÉ X30**

A workspace as limitless as your creativity.

Proven Durability and Reliability

Designed, engineered, manufactured and rigorously tested in our dedicated facilities, the Portégé X30 deliver the quality and reliability synonymous with the Toshiba brand for the past 30 years. Toshiba's exclusive EasyGuard™ suite offer top-notch data protection and physical durability when it comes to privacy or bump and spills on the road.

MIL-STD-810G Strong

Featuring a premium Magnesium alloy casing and honeycomb reinforcement, the Portégé X30 has been tested using the MIL-STD-810G methodology for drops, vibration, shock, dust, altitude, temperature, humidity and solar radiation.

Advanced Security for Increased Peace of Mind

Keep your business critical data safe with advanced security features. SecuredPad™ with Synaptics® Natural ID fingerprint sensor built right into the computer's touchpad reader and IR-camera+ for face authentication through Windows Hello or Intel® Authenticate allow you to quickly login to your device securely. Toshiba's own built-in BIOS, TPM 2.0 encryption and smart card reader+ provide an added layer of security so you can have a peace of mind.

+Optional

More Ways to Achieve On-the-Go Productivity

To enhance the input convenience for the user, the Portégé X30 features a full-size, backlit, spill-resistant keyboard with Accupoint® mechanism, plus a smart, dual-point Touchpad with fingerprint sensor. Whether on a plane, a dark lecture hall or a poorly lit room, Toshiba equipped the Portégé X30 to enable users to remain productive.

Common Accessories

To reduce costs and increase overall business efficiency across the entire organization, the X Series is designed to share common accessories through the adoption of USB Type-C and Thunderbolt™ 3 technologies. With Toshiba's proprietary docking solutions, the Portégé X30 laptop can easily connect to desktop peripherals, including printers and external monitors, in a single move. Now that's smart.

Gorgeous Display: Visual Impact

The 13.3" diagonal display is designed to give mobile workers freedom to work in tight quarters yet still get plenty of work done. What's more, it brings images to life with bright, crisp colors and excellent resolution, thanks to HD and Full HD options.

Sleep and Charge

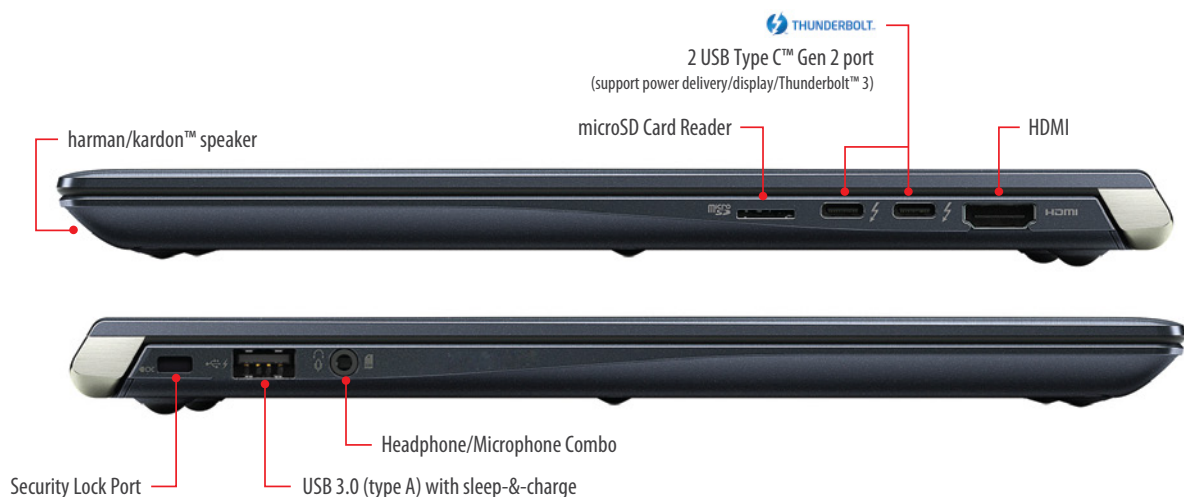

The USB Sleep & Charge technology lets users charge a smartphone or tablet, even when the PC is off.

Modern Ports with Expanded Capabilities

Even with an ultra-slim profile, Portégé X30 comes with 2 USB Type-C™ ports, USB 3.0 port, an HDMI, and a microSD Card Slot as well as a headphone/mic combo port to give you the maximum expansion opportunities available. The USB Type-C port features reversible plug orientation and supports Display, Power Delivery and Thunderbolt™ 3.

A Commanding 360° Sound System

Toshiba equipped the Portégé X30 with a premium audio experience via Harman Kardon® stereo speakers and DTS Sound™ software. Toshiba's exclusive custom-tuned speakers deliver robust, crisp and natural audio from every angle.
